

Karen Scott Bio

Karen (KJ) Scott brings 18 years experience as a physician assistant. She specializes in developing individualized care for each patient. She has a strong educational background from George Washington University School of Medicine where she simultaneously earned her Physician Assistant degree as well as her Master of Science in Health Sciences in 2003. She earned her Bachelor's degree from the University of Vermont in 1998. She is certified by the National Commission on Certification of Physician Assistants and is a member of the American Academy of Physician Assistants. She is an avid runner and paddle boarder and enjoys boating and being on the water with her husband and two daughters in Severna Park.
